The Adoptive Families for Children Foundation is a non-profit organization raising and donating funds for grant needs and recruitment efforts for adoptive and foster children and their families in New Hampshire.

*The primary goal of the AFFC Foundation is to assist children and families to achieve and maintain permanency through support, education, and service.*

Through these endeavors, the AFFC Foundation seeks to provide families with assistance needed to ensure that adoptive and foster children have the support and proper care needed to thrive in permanent, safe, and loving homes.

We think of the story of a child like Sammy – an eight year old who is in search of her forever home. Sammy is outgoing, laughs a lot, and loves to read. But Sammy is handicapped and wheelchair-bound, so her adoptive home must be handicap-accessible. While the family hoping to adopt Sammy has more than enough love to give, they are missing the funds needed to help build wheelchair ramps, retrofit bathrooms with handicap-accessible showers, and purchase a van to transport a child's wheelchair. A family like this only needs a little help to provide Sammy with her forever home.

To meet our goals, we need your help. **Please join us by attending our upcoming Spring Social to raise funds for children in need of adoption.** The event, held on Wednesday, May 18, 2016 from 6-8pm at Banks Chevrolet in Concord, will be a fun evening featuring a wine and beer sampling and highlighted by a special guest speaker. It will give families and individuals the chance to learn more about adoption and the importance of permanency in the life of a child.

Contributions in any amount are much needed and greatly appreciated. We thank you for your consideration of this important cause.

Sincerely,

James J. Bianco, Jr.
